

PALM BAY ROCKETS

Coach Reuben Wooten's career as a football coach began in 2005 as an Assistant Coach. His first year as a head coach was in 2006. Since then Coach Wooten has served as a head coach for all levels of youth football and has walked away from each season with a winning record. In 2010 he won the 8 Man Spring Tackle Super bowl and led the Midgets to the East Coast Conference Championship with a record of 9-0. He is also an experienced coach on the high school level. His history as a player began at the age of six and progressed through one year in the semi-pros.

Using the lessons passed on to him by his coaching inspiration, Pop Warner Coach Woody Nease, Coach Wooten focuses on teaching youths the art of the game. His belief is that by providing players with a positive experience and teaching the basic principles of the game, winning will take care of itself.

"Football is broken down into two basic skills, blocking and tackling." — Lou Holtz
